

# Metamorphic Technique

online seminar

October 21-23 4h/day

with Marianne Neuhaus, Switzerland  
in collaboration with Debra Smith, Canada

**The Metamorphic Technique** is a simple, yet deep and unique approach to life, healing and transformation. The practice consists of a subtle work on parts on feet, hands and head and an inner attitude of Detachment, a deep acknowledgment of what is.

Metamorphic Technique practitioners do not impose their will or seek to direct the recipient's life force in any way. We fully acknowledge the uniqueness of the person, and we understand that the power and intelligence that is needed for healing, change and/or transformation is already inherent in each of us.

**The practice is gentle** and is easy to learn. Since no special ability or background is needed, it is accessible to everyone.

**In the seminar you will learn** the practice of the Metamorphic Technique, the light touch on feet, hands and head. We explore the attitude of Detachment and the Universal Principle of Correspondence in depth and the historical context of the Metamorphic Technique. We look at the prenatal time and birth patterns. All of this can help us in finding an understanding of how the patterns we live our life with came into existence and how these same patterns contribute to our uniqueness. Our focus is on exploring what it is that may bring transformation about.

**After the seminar** you will be able to share the practice among family and friends.

**Gaston Saint-Pierre**, born in Canada, later based in London, founded, explored, and taught Metamorphic Technique for over 40 years.

**Marianne Neuhaus** met Gaston Saint-Pierre for the first time 1997 and trained extensively with him. Through her organisation of Gaston's seminars in Switzerland for many years, she also became a close friend of Gaston. She has been teaching Metamorphic Technique since 2003, first in Switzerland and after Gaston Saint-Pierre's passing (2011) internationally.

Dates: October 21 - 23  
Times: 10am – 2pm EST // 4pm – 8pm Europe/Zürich Time  
Venue: online via Zoom
